Your cooperative is a proud member of these fine organizations

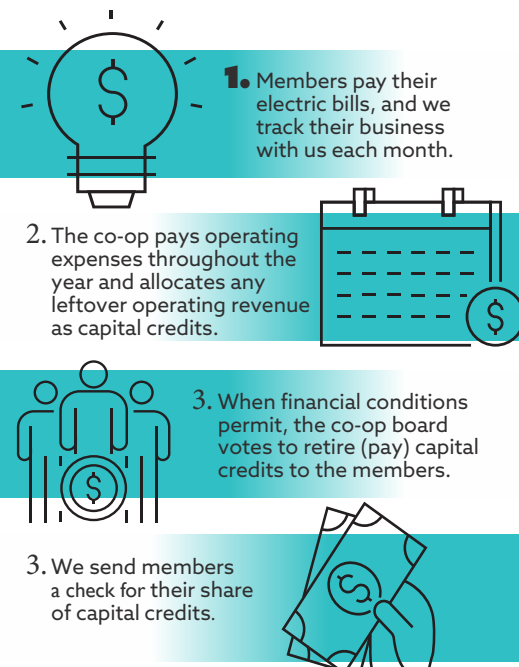

## UNCLAIMED CAPITAL CREDITS

One of the benefits of being a member of Wyrulec Company is that you are also an owner. Your ownership is reflected in any excess margins the cooperative might have at the end of the year, above and beyond the cost of providing electricity to you.

These excess margins are tracked through what we call “capital credits.” Each member of the cooperative is allocated their share of capital credits or excess margins based on their patronage provided to the cooperative each operating year.

These capital credits are held as equity in the cooperative and provide financial stability to the company for many years into the future.

Each year the board of directors reviews the financial position of the cooperative and makes a decision whether or not to “retire” capital credits back to the membership. When capital credits are retired, they are sent back to the member in the form of a check. It is Wyrulec’s goal to retire five percent of the outstanding operating margins or capital credits back to the membership each year on a FIFO (first in - first out) basis. The accounting term “FIFO” means that the members who first provided the equity to the company will be the first ones to get their equity back.

## *continued . . .* UNCLAIMED CAPITAL CREDITS

Below is the most recent list of individuals or organizations that have unclaimed capital credits on record with Wyrulec Company. We appreciate your help in returning these margins to the Wyrulec members or their rightful heirs. If your name is listed or if you can provide specific contact information regarding a listing, please call us toll free at 877-WYRULEC (877-997-8532) or visit the Wyrulec office. It is possible that current Wyrulec members are listed because they have been issued checks that are still outstanding. If this applies to you, please contact us so we can issue a new payment to you.

# DORM ROOM

## ELECTRICAL SAFETY:

### TIPS FOR A SAFE SEMESTER

Be smart and stay safe. Share these tips with your campus-bound students.

#### ⚡ **DON'T OVERLOAD OUTLETS**

Too much power draw = fire risk.

💡 **Tip:** Plug dorm room fridge directly into wall outlet.

#### ⚡ **UNPLUG WHEN NOT IN USE**

Even when off, devices can still draw power or overheat.

💡 **Tip:** Unplug fans, chargers and appliances when you're out.

#### ⚡ **DECORATE SAFELY**

Don't use nails or tacks to secure cords or light strands.

💡 **Tip:** Use plastic hooks to hang string lights.

#### ⚡ **NEVER CHARGE A PHONE UNDER PILLOWS OR BEDDING**

It could overheat or catch fire.

💡 **Tip:** Create a dedicated charging station in your room.

#### ⚡ **NEVER USE DAMAGED CORDS**

Frayed or cracked cords can spark a fire.

💡 **Tip:** If a cord looks worn, replace it — don't tape it!

#### ⚡ **KEEP CORDS COOL & CLEAR**

Don't run cords under rugs, beds or doorways.

💡 **Tip:** Keep cords visible to avoid overheating.

#### ⚡ **REPORT ELECTRICAL ISSUES FAST**

Flickering lights? Warm outlets?

💡 **Tip:** Tell campus maintenance ASAP; don't wait.
